

Help Eden UCC in Cedar Rapids and Peace UCC in Waverly, heavily damaged by the June floods.

Eden's basement was completely flooded. Church members and volunteers from Cedar Rapids have been joined by people from other UCC churches to gut the basement level. This is complicated by a gym floor below the existing floor and a cavity below *that* floor, full of moldy debris. All of this had to be cleaned out and thrown away. The kitchen is ruined. They have had to remove all material that did not affect the structural integrity of the building. Waters reached approximately the fourth pew from the front. The remainder of the main level is available for limited use, but there is no electricity. Many homes in the area will probably have to be torn down.

Peace UCC's basement was completely flooded. The water in the sanctuary reached the seats of the pews. All of the furnishings (pews, pew cushions, chancel pieces, carpet, other furniture in the lounge/education area) had to be thrown out. The waters also inundated the basement and first floor of the parsonage. At last word, the congregation was waiting for an inspection by the city to learn whether the building could be rehabilitated or would have to be razed.

This special offering will go to Eden and Peace for their recovery. Please give generously.
